# Candidate Engagement Specialist

Newbury

Competitive salary and benefits package

Permanent or 6-month fixed term contract - Full time

About us

At Amberjack we've long been setting the standards in future talent and intake-based volume recruitment. Our advanced systems and intelligent solutions are designed to deliver the ultimate recruitment experience. From intelligent attraction to recruitment process outsourcing and bespoke assessment and selection tools, we work as an extension to our client's teams. We are the quality behind the quantity. We do what's right for our clients and their candidates. We don't know any other way.

The role

Our Resourcing Services team is at the centre of our operation and manages recruitment campaigns for our clients here in the UK as well as overseas. We work as an extension to our clients' in-house recruitment teams, providing an exceptional service at every stage of the process, from attraction to application, assessment delivery, candidate engagement and management.

Our Candidate Engagement Specialists are the first point of contact for candidates applying to our client campaigns, providing an outstanding service to candidates enquiring about opportunities, their applications and interviews, via telephone, email, online chat and social media channels. This role sits as part of a wider team, focused on delivering to an expanding portfolio of exciting clients.

It's a challenging, customer service type role, with lots of opportunities to learn about the different types of organisations we work for, as well as learning more about the recruitment sector, our tools and technologies. This role is ideal for someone looking for a change in career, a recent graduate or college leaver, or a gap year opportunity.

Who we're looking for

This role is ideal for someone who has just completed their A-Levels, a recent graduate or college leaver, or a gap year opportunity. We're looking for people that can add real value to the candidate experience. You'll need to demonstrate:

- you genuinely care about delivering great customer service and be resilient when working under pressure
- great communication - both via email and on the phone
- strong administration and organisational skills
- superb attention to detail
- sound knowledge of Microsoft Office packages
- qualified to A-Level or equivalent

This is an entry level role that offers an excellent opportunity to develop your personal and professional skill skills in a fast paced, inspiring environment; gaining diverse experience from project management through to service excellence.

## Why work for us?

We work with some of the biggest brands in the world, from Unilever and Network Rail to Mars, Morrison, and PwC - helping them to hire the very best apprentices, school leavers, placement students, graduates or interns. We offer a competitive salary and benefits package, a collaborative, open and friendly working environment, and great opportunities for personal and professional development.

## How to apply
