Tech Ops Engineer

Newbury

Competitive salary and benefits package

Industrial Placement – Full time

About us

At Amberjack we've long been setting the standards in future talent and intake-based volume recruitment. Our advanced systems and intelligent solutions are designed to deliver the ultimate recruitment experience. From intelligent attraction to recruitment process outsourcing and bespoke assessment and selection tools, we work as an extension to our client's teams. We are the quality behind the quantity. We do what's right for our clients and their candidates. We don't know any other way.

The opportunity

Are you looking for a placement opportunity that puts you at the core of our Technology Development team working with clients like Morrisons, Network Rail and Virgin Media?

- Providing first level support and training of our core web applications to both internal and external clients
- Developing and producing internal software-based systems to support business practices
- Providing support for all aspects of our technical systems within Amberjack including our Applicant Tracking System, video interviewing platform and assessment platform
- Taking a creative approach to your work, contributing to new ideas and challenging the status quo
- Account management and effective client liaison
- Work closely with the Technology Development team

Who we're looking for

- Educated to A Level standard or equivalent, ideally in an IT related subject
- Able to demonstrate a passion for technology and customer delivery
- Able to demonstrate the ability to discuss technical solutions with customers in layman's terms
- Have outstanding attention to detail and process
- Have excellent communication skills
- Able to work independently, demonstrate ownership of workload and manage own time effectively
- Able to work with other project management tools, build processes and version control
- Have an understanding of programming languages such as SQL, C#, HTML and CSS
- Able to demonstrate strong analysing skills

Why work for us?

You'll be working in a collaborative, rewarding and supportive team with fantastic potential for growth and development and in return we offer a competitive salary and benefits package.

How to apply

Please apply with your CV and a supporting statement outlining your suitability for this role to joinus@weareamberjack.com
